VICTORIA IN LONDON.

Beginning of the Celebration of Her Diamond Jubilee.

NOTHING TO MAR THE OCCASION.

Enormous Crowds Greet the Queen Upon Her Arrival From Her Castle at Windsor—The Scenes Along the Way—London Profusely Decorated in Her Honor Receptions at Buckingham Palace.

LONDON, June 22.—Queen Victoria is now in London. An immense crowd gathered near Paddington station and waited in stolid patience. Flags and flowers were everywhere and the orders of the day, "God save the queen," appeared on houses and banners without end.

Queen Victoria left Windsor castle at noon. Her majesty's carriage was drawn by a pair of grays, with postillions and outriders. The queen was accompanied by her eldest daughter, ex-Empress Frederick of Germany and by Princess Christian of Schleswig-Holstein and Princess Henry of Battenberg, who occupied another carriage, preceding that of her majesty. The queen, on arriving at the railroad station of Windsor, walked through the private waiting room, leaning on the arm of an Indian attendant, and entered the carriage.

The start for London was made at 12:10 a.m., and for almost the entire distance the train passed between scattered groups of loyal people.

Paddington station was reached at 12:30. The state carriages at Buckingham palace were at the end of the crowded way. As soon as the queen had taken her seat, the life guards drew up in front and rear.

The route to Buckingham palace was superbly decorated, flags, flowers, banners and festoons, and endless mottoes on the order of the day: "God Save the Queen."

The queen, after she entered the palace, proceeded to her private apartments for luncheon, and the royal and other guests had lunch in the state supper room.

At 4 o'clock, in the throne room of Buckingham palace, her majesty received the imperial and royal envoys.

"The queen at 8:45 in the evening entertained at dinner 90 of her most distinguished guests in the state supper room at Buckingham palace. Among those present were the Prince and Princess of Wales, with all the members of the royal family, the royal guests, the envoys of states with the rank of ambassador, and the great officers of the household, who wore full court dress.

During the progress of the banquet music was discoursed by the band of the Royal Engineers. The suites of the envoys and the ladies and gentlemen in attendance dined in the garden vestibule; the yeomen of the guard were on duty in the grand hall and vestibule.

OUR CONGRATULATIONS.

Letter Sent to Queen Victoria by President McKinley.

LONDON, June 22.—President McKinley has sent the following personal letter to Queen Victoria, which was delivered to her by Mr. Whitelaw Reid, special envoy:

To Her Majesty Victoria, Queen of Great Britain and Ireland and Empress of India:

GREAT AND GOOD FRIEND.—In the name and on behalf of the people of the United States, I present their sincere felicitations upon the 60th anniversary of your majesty's accession to the crown of Great Britain.

I express the sentiments of my fellow citizens in wishing for your people the prolongation of a reign illustrious and marked by advance in science, arts and popular welfare. On behalf of my countrymen I wish particularly to recognize your friendship for the United States and your love of peace exemplified upon important occasions.

It is pleasing to acknowledge the debt of gratitude and respect due to your personal virtues. May your life be prolonged, and peace, honor and prosperity bless the people over whom you have been called to rule. May liberty flourish throughout your empire, under just and equal laws, and your government continue strong in the affection of all who live under it.

And I pray God to have your majesty in His holy keeping.

Done at Washington this 28th day of May, A. D. 1897. Your good friend,

WILLIAM MCKINLEY.

By the president, JOHN SHERMAN, Secretary of State.

ANARCHIST THREATS.

Scotland Yard Authorities Have Been Kept Pretty Busy.

LONDON, June 22.—Owing to the recent explosion of bombs in Paris and the arrival in England of many foreigners known to be connected with anarchism, the Scotland Yard authorities have been very active. The whole route of the procession has been closely examined, especially the bridges and the stands in their vicinity.

Socialist and anarchist leaflets treating the jubilee in threatening terms have been issued. One of them describes the queen's reign as "60 years of cowardly wars for gold on ignorant and defenseless savages," and as "an increase of the wealth of Great Britain, but not for the mass of working people, whose condition is worse than 60 years ago."

The leaflet quoted also says: "The appalling mass of lunatics sent to the asylums yearly have been driven mad by the stress of the difficulties of life during Victoria's glorious reign."

FREE LIST REACHED.

Some Giant Strides on the Tariff Bill Made in the Senate.

WASHINGTON, June 22.—The senate made giant strides on the tariff bill yesterday, covering 50 pages and establishing a record for progress during this tariff debate. The last two schedules of the dutiable list, covering paper and manufactured sundries, were completed with the exception of the paragraphs on hides, gloves, coal and some lesser articles which went over. This advanced the senate to the free list, which was taken up at 2 p.m. and completed in three hours.

Early in the day the wool and silk schedules went over. After that the tobacco schedule, the reciprocity provisions and the internal revenue portions of the bill, as well as the many isolated paragraphs passed over, remain to be considered.

The progress yesterday was so marked, however, that for the first time there was a feeling that the end was not far off.

There was little debate yesterday, the main topic of discussion being matches and fuses. On the latter item an amendment by Mr. Pettigrew reducing the rate to 10 per cent came within one vote of passing against the protest of the finance committee, the vote being a tie, 24 to 24.

While the free list was under consideration Mr. Bacon of Georgia gave notice of an amendment placing cotton on the free list and Mr. McLaurin of South Carolina gave notice of another amendment taking raw cotton from the free list, thus completing the action heretofore taken of placing a duty of 20 per cent on cotton.

House Proceedings.

WASHINGTON, June 22.—After the approval of the journal the house under a special rule adopted a bill appropriating \$100,000 for the repair of dry dock No. 3 at New York, which recently was discovered to be leaking badly.

Mr. Lutiner (Dem., S. C.) asked unanimous consent to have considered a bill declaring a state capable of entirely controlling the liquor traffic.

This Mr. W. A. Stone (Rep., Pa.) said was an outgrowth of a local fight in South Carolina, in which the courts had made a decision and was not a proper matter for consideration by the house. He objected to its consideration.

Mr. Dingley (Rep., Me.), from the committee on ways and means, presented a favorable report on a joint resolution providing that foreign exhibitors at the Omaha exposition in 1898 may bring to this country laborers to prepare and have charge of exhibits. Two amendments provide that the secretary of the treasury shall fix the number of laborers to enter the country and that they shall leave the United States within three months from the termination of the exposition.

On motion of Mr. Dingley, the house then, at 1:05 p.m., adjourned until Thursday.

BOYCOTT IS NO MORE.

Death of the Irishman Who Gave the Name Its Significance.

LONDON, June 22.—Captain Boycott is dead. He was about 55 years of age and became famous through being the first man subjected to the boycott in Ireland. He was a land agent in 1881 in the Connemara section of County Mayo, where he collected rents for a number of landlords, notably the Earl of Erne.

The captain made a speech, in the course of which he urged the people of Ireland to abstain from agrarian crimes and to adopt instead a policy of sending harsh landlords, agents and bailiffs "to Coventry," the old term for boycotting.

Events so shaped themselves that Captain Boycott was the first man the Irish experimented upon in this connection, and hence the now familiar word, "boycott."

Louisville Tragedy.

LOUISVILLE, June 22.—At noon yesterday William Quinn met Thomas Jenkins in front of the latter's home in this city. The two had a slight quarrel.

Jenkins left and went into the kitchen of his home. Quinn went to the kitchen window and fired five shots through it, one of which struck Jenkins in the head and passed through his brain, fatally wounding him. Quinn climbed through the window and kicked his victim as he lay on the floor. Jenkins' wife entered the room and fainted at the sight. Quinn fled.

He Taught Grant to Swim.

NEW YORK, June 22.—"Uncle" Henry Van Brunt, the pioneer bathing master of the New Jersey coast, who taught General Grant to swim, is dead at his home in Long Branch, aged 82 years. He began his career as a bathing master at the Mansion hotel bathing grounds in 1852. He had as his patrons in addition to General Grant, Mrs. Abraham Lincoln, her two sons, Robert and "Tod;" Joel Parker, Samuel J. Tilden, John Kelly, James Fisk and many other noted persons.

Fireman Injured.

LITTLE ROCK, June 22.—The 4-story building at the corner of Maine and Second streets, occupied by the wholesale grocery firm of R. J. George & Company was entirely destroyed by fire last night with all its contents. Loss estimated at \$50,000. Fireman Julian Davis was injured by falling walls.

Can't Help Durant.

PORTLAND, Ore., June 22.—A. S. Austin, the California lawyer who asserted that he could furnish evidence that would save Theodore Durant from the gallows, has been adjudged insane and will be taken to the asylum.

SUGAR TRUST SCHEME

To Buy Cuba For a Gigantic Sugar Plantation.

ADVANTAGES TO ALL PARTIES.

Liberty, Peace and Prosperity For the Island Is Foreseen—Hundreds of Millions of Spain's Debt Wiped Out. Merely a Matter of Business Explained by One of the Proposers.

NEW YORK, June 22.—A dispatch to The Herald from Washington says: A story is current that the sugar trust has evolved or accepted an ambitious suggestion that Cuba is substantially for sale, and might as well become a sugar plantation for a gigantic corporation supported by the sympathy and interest of our country. In other words, that we might have a West India company as England has an East India company and Hudson Bay company, each of which aided vastly in the extension of the British empire.

It is said that the Spanish minister to the United States cabled reports recently to Madrid of the disposition of our government to decline to interfere by force and also to support Cuban autonomy and that this cable prevented the recall of Weyler, when a change in the Spanish ministry was in the air to send to Cuba, Campos, who closed the 10 years' war with cash in hand and might do the same job now by the same means, much cheaper than Spain can keep 200,000 soldiers in the field. John J. McCork is the gentleman credited with the imagination to conceive the capture of Cuba with cash as a measure of peace. This, as Colonel McCork understands it, is merely a matter of business.

The idea runs this way: Spain has already charged to Cuba a debt of \$400,000,000, and under Spanish domination the island can never yield a revenue amounting to one-half the interest. Cuba, without a port, or town, or ship, has a national debt, and yet there are many who think the credit of the Cuban government should be as good, if not better, than that of Spain.

Suppose there was a company commanding money to take up the whole Cuban debt, with the war debt of Spain charged to Cuba at its market value—say \$50,000,000—and \$50,000,000 for the Spanish rights in Cuba, and the Cuban rights in the forests and mines, in settling American and Cuban claims against Spain—and the United States would guarantee bonds to the amount of \$100,000,000 at 3 per cent and supervise and administer the customs of the ports of Cuba for the payment of the interest, the government holding the bonds as security. Would not liberty and peace and prosperity for the island be accomplished at a cost of \$8,000,000 a year taken out of the Cuban custom-house.

The advantage to the Spaniards would be peace and the extinction of some hundred millions of hopeless debt, for the creditors of Spain would be glad to scale her obligations, and she could have a large sum of money in hand instead of a Cuba of blood and ashes on her hands.

The gain to Cuba would be government by a corporation limited, instead of a crown absolute, and there could be a contract guaranteeing civil liberty to the people on United States models. There would be money for roads and schools and sanitary measures, and there would be, as a necessity of international administration such measure of self-government as would maintain order through a police force, with American and Cuban volunteers to deal with brigandage.

The municipal problems could be dealt with by the municipalities and adjustments made for the administration of justice and payment of worthy pensioners. With the introduction of American energies and the security of capital, made plain by the visible presence of security, Cuba would yield wealth "beyond the dream of avarice."

The revenue in the days of reciprocity with us was in excess of \$80,000,000 and it would rise far beyond that figure with a few years of this magnificent business management.

WEYLER WOKE UP.

He Sends Out Some More One-Sided Accounts of Recent Skirmishes.

HAVANA, June 22.—There has been considerable skirmishing during the last 10 days. According to the official accounts the insurgents have lost eight men in the province of Santiago, 75 in Santa Clara, 20 in Matanzas, 38 in Havana and 134 in Pinar del Rio.

It is also reported that the Spanish have captured 110 firearms and 99 side arms; and that 302 unarmed insurgents surrendered and 120 with arms in hand.

The Spanish troops have lost in these engagements 38 killed and six officers and 111 privates wounded.

FRANZ'S LAST HOPE.

Bessie Little's Murderer Again Sentenced to Death.

FRIDAY, OCTOBER 15, THE DAY.

His Attorneys Will Carry the Case to a Higher Court—Steel Plant at Bellair Closed Down—Reduction in Wages. Frightful Railroad Accident—Accidental Shooting—Other Ohio State News.

DAYTON, O., June 22.—Another effort to save the life of Albert J. Franz, the slayer of his sweetheart, Bessie Little, has failed, and the date of his execution has been fixed for Friday, Oct. 1, before the hour of sunrise.

The circuit court, which granted the stay of execution and which for the past two weeks has had under advisement the motion for a new trial, rendered its decision at 11 o'clock yesterday, in which the action of the lower court was confirmed. Judge Summers read the decision, which was quite a long one. The courtroom was packed with people when Franz's doom was for a second time pronounced. The case will be carried to the supreme court.

At the request of the condemned man's attorneys the date of the execution was changed from the 1st of October to the 15th. This was done in order that the supreme court might hear the case without again suspending the sentence.

Closed Down and Reduced Wages.

BELLAIRE, O., June 22.—The Bellaire Steel company has closed down their extensive plant here, consisting of steel plant, blast furnaces and plate mill, for two months, to be repaired and rebuilt. About 100 men are idle at the furnaces. The men were notified that a reduction in wages of from 15 to 20 per cent would be made before the works would again be placed in operation. It is reported that the employees in all the departments will receive a cut in wages.

Under the Wheels.

GALION, O., June 22.—Albert Sickmiller, Louis Sickmiller, Charles Faile and George Steinbauer were run over and killed by an Erie fast express near Mansfield. Louis Sickmiller was instantly killed and the other three will die. The young men having missed a passenger train lay down near the tracks and in their sleep rolled upon the tracks. All are well known.

Farmer Accidentally Shot Himself.

SWANDER STATION, O., June 22.—David Zeiter, a prominent young farmer near here, accidentally shot himself through the brain while handling a rifle. Mr. Zeiter had been married but eight months, and for a number of years was one of the leading school teachers in this county. He died instantly.

Anti-Cigarette League.

COLUMBUS, O., June 22.—It seems that an organized effort is to be made against the cigarette habit in this state.

A number of Canton women, headed by Helen Troutman, have incorporated the Canton Anti-cigarette league "to discourage the smoking of cigarettes and agitate the subject of abolishing their use."

Frost in June.

LISBON, O., June 22.—A heavy frost yesterday morning marked the summer solstice. Owing to the prevailing dryness the slight damage done was mostly confined to tender garden vegetables. Corn escaped, except in rare instances, in peculiarly exposed conditions. This is the first June frost here in 38 years.

Called to Oberlin.

OBERLIN, O., June 22.—Dr. William F. Slocom, for the past 10 years president of Colorado college, has been extended a unanimous call to become president of Oberlin college by the trustees of that institution. It is expected that he will accept.

The Sistersville Oil company struck a very promising well there Sunday.

Six per cent. is the legal rate of interest, and any association or company that can't get along without charging double, that rate ought to quit business. The law should not favor any one.

It develops that the State Board of Equalization made a rather big error in adjusting the Kenton County assessor's figures, but it has been discovered and as a result that county is charged with over \$800 more taxes than it would have paid, had the mistake remained undiscovered. This may not be the only error the Board made.

The Mason County Republican Executive Committee, by its vote Saturday, emphasized its determination not to help Congressman Pugh out of any of his troubles over the fourth class postoffices. It was a real cute trick Brother Pugh tried to work on the committee, but the members of the committee caught on, and the fight over the fourth class "pie" will have to be settled by our Congressman, or go unsettled.

The Louisville Post, which for two years has been the rankest of rank bolters, takes no stock in the proposed convention of a handful of sore-headed gold bugs. It says that the defeat of Sam Shackelford is impossible and that "the only doubt is whether Shackelford's majority shall be above or below 25,000." The Post's late companion in the ranks of the bolters, the Courier-Journal, refuses to agree with it. But after the Democrats repudiated the C. J. what other course is left for it to pursue?

The Democrats, with the aid of two straight Republicans and three silver Republicans, have succeeded in striking out of the pending tariff bill the paragraph in regard to floor matting. Had the paragraph remained in the bill the duty on the cheapest grades of matting would have been equivalent to a tax of about 100 per cent.

Commenting on this paragraph, the Baltimore News remarked some days ago:

"The cheap grades of matting are very extensively used now in this country, about 800,000 rolls, or over 30,000,000 square yards of matting having been imported in 1896, of which far the greater part was of the cheap varieties. To make it more difficult for poor people to supply their homes with this inexpensive means of tidiness and comfort is a gross perversion of the taxing power. The proposed duty is expected to be almost prohibitory, so far as the cheaper grades are concerned, and is instigated by the carpet manufacturers, who can have no possible interest in the matter except that of cutting down the use of matting and compelling people to buy carpets instead."

Thanks to the Democrats and the five Republicans who voted with them, "the poor people" will not be compelled to contribute to the collars of the manufacturers who sought to monopolize the market.

ANNEXING HAWAII.

Comments of the Press on One of President McKinley's Pet Schemes—Don't Like It.

By annexing Hawaii we should unnecessarily take upon ourselves a number of serious and exceedingly annoying problems. The annexation would not allay the popular feeling respecting Cuba, but would give to it a vicious turn by making a great many people insist that as we had traveled thousands of miles into the Pacific to annex the group of islands there, and had in this way departed from what might be termed our continental policy of extension, we were fully justified in jumping across the narrow strait of Florida and annexing Cuba.—Boston Herald.

In going beyond the continent to enlarge our territories, we shall embark on a policy which is opposed to every principle of sound statesmanship and which promises to involve us in grave difficulties in the future.—New York Commercial Advertiser.

They (reasons) lie on the surface of the controversy, but they should be sufficient to warn the Senate against precipitation in ratifying the treaty, and they warrant its rejection.—Philadelphia Ledger.

The United States may be now about to take advantage of the robbery committed four years ago, but we can not contend that it is an act that will confer honor upon us or upon the American flag. The announced policy itself is a new departure and we must regard as inauspicious that it is begun in a case that is so reprehensible in character; not to say, one that is absolutely vicious.—Mobile Herald.

We trust that the Senate will refuse to ratify the treaty, and that it would go by default. The United States has got a large territory as it knows what to do with.—Richmond Times.

Behind this treaty there is a scandal immensely graver than the appointment of the unfit McCord to the governorship of Arizona, or than the guilty commerce of Mr. McKinley's intimates with the owners of roustabout dives and dance halls in New Orleans—graver even than the alleluring Singar Trust scandal, Mr. McKinley and Secretary Sherman, with all the facts before them, are forcing upon us irrevocably this degraded population, this group of remote islands utterly unfit for membership in our republic. Why? Why? Why?

Who are in the ring? What is the secret of their power over the Administration? By what means have they compelled Mr. McKinley to forsake his convictions and deliberately to inject into the veins of the nation this leprosy and vicious blood of the distant South Seas?

Why? Why? Why?—New York World.

It is impossible to see in the annexation scheme anything but a step in the path of colonial acquisition and aggrandizement in opposition to the spirit of our institutions and the counsels we have hitherto venerated. The end of the path and the cost to the people not merely in money, but in national dignity and political progress, can not be foreseen.—St. Louis Republic.

As to Hawaiian annexation, which will come some time, it could well wait more mature developments. Delay will not be dangerous, but will be prudent.—Nashville Banner.

It is sincerely to be hoped that a true patriotism and a sound good sense will prevail with the most of the Senators, and that the mischievous annexation scheme will be defeated.—Nashville American.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to perfect health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

A Prosperous Short Line Electric Road. The Moundsville, Benwood and Wheeling Railway is an electric road which was opened for operation for its entire length, about eight and a half miles, five months ago. In a letter to the Baltimore Manufacturers' Record, Secretary E. M. Lewis announces the result of operation, which is as follows: Gross receipts for the month of May \$2,402.85, operating \$775, leaving net receipts of \$1,627.85. This is a net increase over the preceding month of \$116.05. This amount has been earned with but two cars in operation daily and four cars in operation on Sundays and holidays. It is an indication of some of the opportunities afforded investors who will place money in the building of electric railroads in the South.

Will meet to-night at G. A. R. hall, corner Third and Market streets, at 7:30 o'clock. A full attendance is desired. Business of importance.

SUNDAY SCHOOL CONVENTION.

Official Report of the Proceedings of the Meeting Recently Held at M. E. Church, South, This City.

The Mason County Branch of the Kentucky Sunday School Union met at the M. E. Church, South, Wednesday, June 16, 1897, and was called to order by President John Duley.

Prayer was offered by Rev. J. S. Sims.

The President gave some interesting facts in regard to the work the past year and statistics on work in our and surrounding counties.

Mr. Harover, from Manchester, O., who is President of Sunday School Union work in his county, was called on and made a short talk in regard to the work in his section of the State. He gave some important facts on organization which if embodied in our county work will be very helpful.

Brother McGarvey, a visiting member, favored the convention with a short talk on the importance of the work, and greatly encouraged the workers.

Brother H. C. Curran made a telling speech on enthusiasm in Sunday school work.

Rev. W. T. Spears made an excellent talk along the line of parents' responsibility for children not being in the Sunday school.

After the appointment of committees on nomination, resolutions and statistics the convention adjourned until 2 p. m. The visiting members were dined at Central Hotel by the Committee on Reception.

AFTERNOON SESSION.

Opened with prayer by Rev. W. T. Spears.

The Committee on Nomination of officers for the next year reported for President, E. Swift; for Vice Presidents, John Duley, J. W. Astbury, J. W. Bramel, Wm. Rice, Benjamin Longnecker, E. Herndon, John Wilson and Geo. Harding, one for each magisterial district of the county; for Secretaries, H. C. Curran and J. B. Orr; for Treasurer, Jas. Childs. The report of the committee was adopted, but Mr. Curran declined to accept as secretary.

The Committee on Statistics reported that schools had reported 1,016 pupils enrolled and 126 teachers and officers.

The Finance Committee reported \$15.45 handed in by the schools, after which \$7.87 was raised by special committee, making a total of \$23.35 for the Ky. S. S. U. work of the State. Previous to this \$30 had been forwarded to the work by special subscription.

The following resolutions were adopted:

We, the Committee on Resolutions, beg leave to submit the following:

Resolved, First, That we extend our sincere thanks to the brethren of the M. E. Church, South, for the use of their handsome and commodious church for the benefit of the S. S. convention.

Second, That we extend our hearty thanks to all of the committee who rendered such valuable assistance to the convention and to brother Broderick and the members of the choir for their delightful music, and to all who in any way contributed to the success of the convention, and that we pledge ourselves to the work for its future success.

I. P. TROTTER, Pres.
I. M. LANE, Com.
H. E. GARDNER, Secy.

Brother N. G. Grizzel made an able talk on the importance of punctuality and regular attendance to submit the following:

Resolved, First, That we extend our sincere thanks to the brethren of the M. E. Church, South, for the use of their handsome and commodious church for the benefit of the S. S. convention.

As an illustration of the importance of railroads to the people, beyond their services in communication and transportation, President E. B. Thomas, of the Erie Railroad, gives the following figures:

"The Erie, with a gross income of about \$30,000,000 per annum, distributes its wages among about 30,000 employees over \$16,000,000, and for material nearly \$6,000,000, the greater part of which goes to the labor producing the manufactured articles. Taxes amount to over 3 per cent. of the company's gross revenue."

"The total number of railroad employees in the United States is about 800,000, and the total expenditure is over \$72,000,000. With five individuals to a family, there are 4,000,000 of people directly dependent upon the railroad industry, which thus distributes more actual money to a greater number of individuals than any other industry.

"The United States Postoffice Department is considered an important business, and yet the aggregate expenses of that department in 1895 were \$90,544,322, while for repairs and renewals of locomotives, passenger and freight cars our railways expended in the same year \$93,707,989."

"I only refer to these facts for the purpose of showing how intimately the successful conduct of these great properties is interwoven with other industries of the country, and how impossible it is to injure our railway properties without at the same time seriously injuring almost all other occupations and curtailing the prosperity of the entire nation."

THE COMING CONCERT.

The Musicale Next Monday Night for the Benefit of the Mission Will Be an Enjoyable Affair.

We are insistent on the point of Maysilians being lovers of music, both vocal and instrumental, besides having decided penchant for philanthropic deeds. Now you couple these together and you have the reason why everybody is buying a ticket for the Mission benefit which takes place next Monday night at Washington Opera House.

What are the attractions? Ten numbers of vocal and instrumental music interspersed with recitations by artists indeed.

Miss Wadsworth plays a concert of a thing which is brilliant in every way, giving her a chance to play as only she can.

Miss Wheeler sings a solo, a song full of melody and with a range to tax her superb voice.

Miss Leliman with a wonderfully sweet and highly cultured voice sings thrice.

Miss Hall recites in her finished and charming way a selection from Eugene Field.

Miss Rogers in the dual role of violinist and reader shows her talent and versatility, while Mrs. Cummings, Mrs. King, Dr. Snoot, and Mr. Chunn as a quartette, with Miss Berry as accompanist, will render a beautiful and entirely unfamiliar number; the blending of their voices and the capability of Miss Berry are alone worth going to hear. Tickets are on sale and are 35 cents. You can have seats reserved at Nelson's later.

Hoeftlich's Bargains.

New lawns at 8½ cents yard, worth 12½ cents; ladies' vests 5 cents, hose 5 cents; plain taffeta ribbon 25 cents yard; fine taffeta Moire antique ribbon 35 cents yard; collars 10 cents, cuffs 15 cents.

FIRE INSURANCE.—Harry L. Walsh, agent, at law office Milton Johnson, Court street.

The Sabbath school of the Third street M. E. Church are enjoying a picnic today in the grove of Mr. John Power on the Fleming pike.

THERE was a delightful Children's Day service at the M. E. Church on Third street last Sunday, both morning and evening. At the close of the night service there were two additions to the church.

Do not throw your money away when buying jewelry by paying it out for a lot of cheap stuff. You might just as well burn your money as to spend it for cheap jewelry. It always pays to get the best, and that's the kind Ballenger sells.

THE eagle, the king of all birds, is noted for its keen sight, clear and distinct vision. So are those persons who use Switzerland's Eagle Eye Salve for weak eyes, stylos, sore eyes of any kind or granulated lids. Sold by Chenoweth, the druggist.

THERE are now more than 1,300 actors and actresses in the organization to have theatres closed on Sunday. One actor declared: "We abominate this thing of Sunday playing. It is an outrage to be compelled to face the audiences that come to theatres on Sunday."

CYNTHIANA Democrat: "Bourbon County is making a great ado over leading the procession in convicting tollgate raiders. It sent two negroes to the penitentiary for twelve years each for burning the toll house on the Georgetown and Leesville road. To send a negro to the penitentiary is the easiest matter in the world. The poor devils get a mighty poor deal in any court of justice and there is never anything to crow over in their conviction. A few white murderers hanged and a few white raiders imprisoned would mark a new era in Kentucky."

They Were Paddled.

John Wise, Dallas Spurgeon, Robert Thatcher, Frank Hall and Griflin Murphy, the quintette of youngsters who threw rocks at the Cincinnati excursionists Sunday evening, were before Judge Wadsworth Monday morning. Three of them were fined \$10 each and the others \$2 each, and were given the choice of paying their fines or taking a whipping.

Young Murphy was the only one who paid his fine. The others took the whipping and they'll think of excursions everytime they see a paddle hereafter.

A new ruling, which has just been made by the Civil Service Commissioners, will be of considerable importance to those who are anxious to enter Uncle Sam's employ through the Civil Service channel. All applicants who fail to pass for one branch of the classified service will not be re-examined for the same position or for any position covered by the same examination until the expiration of a year from the date of said examination, except by special authority granted by the Commissioners.

Heretofore persons who failed in an examination could be re-examined six months later. It seems that the object for increasing the limit is for the purpose of allowing others who have not had the advantage of getting an inside idea of the examinations a chance before those who already know something of it.

FRONT street, between Market and Wall, has been overhauled and improved.

As the bell-honey enables the merchant to avoid sunken rocks and shoals, so Dr. Bell's Pine-Tar-Honey wards off the serious consequences of a cough neglected. It stops the cough and cures the cause.

"I was seriously affected with a cough for 25 years. I had hundreds of dollars to doctors and for medicine, but nothing helped until I tried Dr. Bell's Pine-Tar-Honey."
